INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members
of the Township Council
Township of Stafford
County of Ocean
Stafford, New Jersey

We have audited the accompanying balance sheets - regulatory basis of the various funds and account groups of the Township of Stafford (the "Township"), as of December 31, 2009, and the related statements of operations and changes in fund balance - regulatory basis for the year then ended and the related statements of revenues - regulatory basis and statements of expenditures - regulatory basis for the year ended December 31, 2009. These financial statements - regulatory basis are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements - regulatory basis of the Township of Stafford, as of December 31, 2008, and for the year then ended, were audited by other auditors whose report, dated July 16, 2009, expressed an adverse opinion as to conformity with accounting principles generally accepted in the United States of America and a qualified opinion as to conformity with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Except as discussed in the following paragraph, we conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The financial statements of the Length of Service Award Program Fund ("LOSAP") have not been audited and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey to audit the LOSAP Fund financial statements. The LOSAP Fund financial activities are included in the Township's Trust Fund and represent 4.40% of the assets and liabilities as of December 31, 2009 of the Township's Trust Funds.

As described more fully in Note 2, the Township has prepared these financial statements using accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township, as of December 31, 2009 or the results of its operations or cash flows of its proprietary fund types and nonexpendable trust funds for the year then ended. Further, the Township has not presented a management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund financial statements been audited, the financial statements - regulatory basis present fairly, in all material respects, the financial position - regulatory basis of the various funds and account groups of the Township, as of December 31, 2009, and the results of its operations and the changes in fund balances - regulatory basis of the individual funds for the year then ended and the statements of revenues - regulatory basis, and statements of expenditures - regulatory basis for the year ended December 31, 2009, on the basis of accounting described in Note 2 to the financial statements.

In accordance with Government Auditing Standards, we have also issued our report dated August 13, 2010 on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements - regulatory basis of the Township taken as a whole. The accompanying financial information listed as supplementary schedules in the table of contents is not a required part of the financial statements - regulatory basis and is presented for purposes of additional analysis as required by New Jersey State Division of Local Government Services. The accompanying financial information listed as supplementary schedules in the table of contents is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Except for the LOSAP Fund supplementary schedules, such information has been subjected to the auditing procedures applied in the audit of the financial statements - regulatory basis and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Except for the effects of such adjustments, if any, as might have been determined to be necessary had the LOSAP Fund supplementary information been audited, in our opinion, the information is fairly presented in all material respects in relation to the financial statements - regulatory basis taken as a whole, on the basis of accounting described in Note 2 to the financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Members
of the Township Council
Township of Stafford
County of Ocean
Stafford, New Jersey

We have audited the financial statements - regulatory basis of the Township of Stafford (the "Township") as of and for the year ended December 31, 2009, and have issued our report thereon dated August 13, 2010 in which we expressed an adverse opinion on the conformity of the statements with accounting principles generally accepted in the United States of America. As described in Note 2 to the financial statements, the Township prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion was also qualified because the Division of Local Government Services does not require the Length of Service Award Program to be audited, only reviewed. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain matters that we have reported to management of the Township in the Comments and Recommendations section of this report.

This report is intended solely for the information and use of the governing body, management, others within the Township, the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the state and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

TOWNSHIP OF STAFFORD
COUNTY OF OCEAN, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2009 and 2008

1. Summary of Significant Accounting Policies

A. Reporting Entity

The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

The financial statements of the Township of Stafford, County of Ocean, New Jersey ("Township") include every board, body, officer or commission maintained wholly or in part by funds appropriated by the Township, as required by the provision of N.J.S. 40A:5-5. The financial statements, however, do not include the operation of School Boards, Volunteer Fire Departments/Fire Districts and First Aid Squads which are subject to separate audit. Included within the financial statements are taxes levied, collected and turned over to School Boards and appropriations for contributions to Volunteer Fire Departments and First Aid Squads. Complete financial statements of the above entities can be obtained by contacting the Treasurer of the respective entity.

B. Description of Funds

GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Codification establishes three fund types to be used by general purpose governmental units when reporting financial position and results of operations in accordance with GAAP.

The accounting policies of the Township conform to the accounting principles and practices applicable to municipalities prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The accompanying financial statements are presented in the format prescribed by the State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and are a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds:

Current Fund - is used to account for all revenues and expenditures applicable to the general operations of Township departments.

Grant Fund - accounts for receipts and disbursements of Federal and State grants.

Trust Funds - are used to account for assets held by the Township in a trustee capacity or as an agent for individuals and other governmental agencies. Funds held by the Township which have restrictions placed on the use of such funds are recorded in the Trust Fund.

TOWNSHIP OF STAFFORD
COUNTY OF OCEAN, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2009 and 2008

1. Summary of Significant Accounting Policies (continued)
- B. Description of Funds (continued)

General Capital Fund - is used to account for financial resources to be used for the acquisition of general capital facilities. The major resources are derived from the sale of serial bonds and bond anticipation notes.

Water/Sewer Utility Operating and Capital Funds - are used to account for Water/Sewer operations that are financed through user fees. The funds are operated on a basis similar to private business enterprises where the intent is that the costs of providing the Water/Sewer Utility to the general public be financed through user fees. Operations related to the acquisition of Water/Sewer capital facilities are recorded within the Water/Sewer Utility Capital Fund.

General Fixed Assets Account Group - The Township has complied with Technical Accounting Directive No. 85-2 issued by the Division of Local Government Services. Technical Accounting Directive No. 85-2 utilizes the following accounting policies:

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available.

No depreciation is provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital are not accounted for separately.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services differ in certain respects from GAAP applicable to local government units. The more significant differences follow.

A modified accrual basis of accounting is followed by the Township. Modifications from the accrual basis follow:

Revenues

Revenues are recorded as received in cash except for statutory reimbursements and grant funds, which are due from other governmental units. State and federal grants for operating purposes are realized as revenues when anticipated in the Township budget. Receivables for property taxes are recorded with offsetting reserves within the Current Fund. Other amounts that are due to the Township which are susceptible to accrual are recorded as receivables with offsetting reserves. These reserves are liquidated and revenues are recorded as realized upon receipt of cash. GAAP requires the recognition of revenues for general operations in the accounting period in which they become available and measurable.

Expenditures

- (a) Disbursements for Current Fund inventory-type items are considered expenditures at the time of purchase;
- (b) Prepaid expenses are not recorded;
- (c) Interest on long-term debt included in the General Capital Fund is recorded as an expenditure when paid;
- (d) The encumbrance method of accounting, which records commitments such as purchase orders and contracts as a charge against the current year's budget in addition to expenditures made or accrued, is utilized. The cash basis of accounting, however, is followed for recording the Township's share of contributions for fringe benefits, such as retirement plans, accrued sick leave and vacation leave.

Appropriation reserves are recorded at December 31 for unexpended appropriation balances except for amounts which, according to state statutes, may be cancelled by the governing body. The appropriation reserves are available to satisfy specific claims, commitments or contracts incurred during the preceding fiscal year. At the end of the succeeding fiscal year, the remaining unexpended balances lapse to fund balance through other credits to revenue.

TOWNSHIP OF STAFFORD
COUNTY OF OCEAN, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2009 and 2008

1. Summary of Significant Accounting Policies (continued)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (continued)

Had the Township's financial statements been prepared under generally accepted accounting principles, the encumbrance method of accounting would be followed for expenditures presently reflected on a paid or charged basis, appropriation reserves would not be recorded, revenues susceptible to accrual would have been reflected without offsetting reserves and inventories would not be reflected as expenditures at the time of purchase.

Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

D. Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Township and approved by the State Division of Local Government Services in accordance with N.J.S.A. 40A:4 et seq.

E. Grants

Current Fund - State and federal grants and assistance awards made on the basis of entitlement periods are recorded as revenues when entitlement occurs.

Trust Fund - State and federal grants and assistance awards are dedicated by rider in the Trust Fund. A receivable and corresponding spending reserve are recorded when the grant is awarded.

Capital Fund - State and federal grants and assistance awards are recorded as a funding source for improvement authorizations or are established as receivables with an offsetting reserve.

COUNTY OF OCEAN, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

Years ended December 31, 2009 and 2008

1. Summary of Significant Accounting Policies (continued)

F. Assessment and Collection of Property Taxes

New Jersey statutes require that taxable valuation of real property be prepared by the local unit tax assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Local Unit, Local School District, County and Special Districts, the tax rate is struck by the County Tax Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3, with a completed duplicate of the tax rolls to be delivered to the Local Unit Tax Collector on or before May 13. New Jersey statutes require that each local unit provide for sufficient anticipated cash receipts equal to the "lawful yearly expenditure" which includes the total amount of property taxes to be raised by the local unit.

Taxes are levied on an annual basis and are due quarterly on February 1, May 1, August 1, and November 1. Any taxes not paid as of December 31 are subject to tax sale and lien in the subsequent year, with the exception of bankruptcies. The date of tax sale is at the discretion of the tax collector.

G. Foreclosed Property

Real property acquired for taxes is recorded in the Current Fund at assessed valuation when such property is acquired and is fully reserved.

H. Interfund Receivables

Interfund receivables created by cash transfers from the Current Fund are recorded with offsetting reserves created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in other funds are not offset by reserves.

I. Deferred Charges to Future Taxation Funded and Unfunded

Upon the authorization of capital projects, the Township establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or non-funding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Township may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Township raises the debt requirements for that particular year in the Current Fund budget. As funds are raised, the deferred charges are reduced.

J. Pension Plans

Substantially, all Township employees participate in the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"). The Division of Pensions within the Treasury Department of the State of New Jersey is the administrator of the funds and charges municipalities annually for their respective contributions. The plans provide retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members and beneficiaries. The plans are cost-sharing multiple-employer defined benefit plans and, as such, do not maintain separate records for each municipality in the state and, therefore, the actuarial data for the Township is not available. The Division of Pensions issues publicly available financial reports for each of the plans that include financial statements and required supplementary information. The reports may be obtained by writing the State of New Jersey, Division of Pensions.

Covered employees are required by State statute to contribute a certain percentage of their salary to the plan. Each member's percentage is based on age determined at the effective date of enrollment. In addition, PERS and PFRS bill the Township annually at an actuarially determinable rate for its required contribution. The current rate is 5.5% for PERS and 8.5% for PFRS of annual covered payroll.

<u>Year</u>	<u>PERS</u>	<u>PFRS</u>

11. Accrued Sick and Vacation Benefits - Unaudited

As discussed in Note 1 and in accordance with accounting principles prescribed by the State of New Jersey, the cash basis of accounting is followed for recording the Township's liability related to unused vacation and sick pay. The Township permits its employees to accumulate unused vacation and sick pay, which may be taken as time off or paid at a later date at an agreed-upon rate. Effective for financial statements dated December 31, 1987, the state has required all municipalities to disclose the estimated current cost of unused sick and vacation benefits at year-end. The Township estimated the current cost of such unpaid compensation would be \$2,965,657.60 at December 31, 2009. In accordance with New Jersey principles, this amount is not reported as an expenditure or liability in the accompanying financial statements.

12. Post-Employment Healthcare Benefits

Plan Description

In addition to the pension benefits as described in Note 1, the Township provides for health benefits as follows:

All employees of the Township who have completed twenty-five (25) years of active service or are eligible for disability retirement under the Public Employees' Retirement System or the Police and Firemen's Retirement System will be provided hospitalization and medical coverage.

Effective January 1, 2009, the Township is a member of the State Health Benefits Program (SHBP). The SHBP is a cost-sharing multiple-employer plan providing health benefits to State and Local employees, retirees, and their dependents, which is administered by the State of New Jersey.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of SHBP, as well the actuarial valuation of the plan in accordance with Governmental Accounting Standards Board Statement 45. These financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295. They are also available on the state's web site at www.state.nj.us/treasury/pensions.

Funding Policy

Participating employers are contractually required to contribute based on the amount of premium attributable to their retirees.

The Township's funding policy is on a pay-as-you-go basis. As such, the cost of 66 retirees' health benefits is recognized as an expenditure when paid. During 2009, the Township paid \$837,316.08 for these health benefits.

13. Unemployment Compensation Insurance

Effective January 1, 1978, most municipal employees were eligible for unemployment compensation insurance (N.J.S.A. 43:21-3 et seq.). The Township has elected to provide a self-insured plan whereby the municipal cost and employee contributions are deposited in a trust fund from which claims, if any, will be paid. The Reserve for Unemployment Compensation Insurance at December 31, 2009 and 2008 totaled \$69,202.76 and \$22,292.53, respectively.

14. Contingent Liabilities

State and Federal Grants

The Township receives financial assistance from the State of New Jersey and the U.S. government in the form of grants. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of the funds for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by grantors. As a result of these audits, costs previously reimbursed could be disallowed and require repayment to the grantor agency. As of December 31, 2009, the Township estimates that no material liabilities will result from such audits.

15. Risk Management

The Township is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; error and omission, injuries to employees; and natural disaster. The Township is a member of the Ocean County Municipal Joint Insurance Fund ("JIF"). The joint insurance pool is both an insured and self-administered group of 30 municipalities established for the purpose of insuring against property damage, general liability, motor vehicles and equipment liability and workmen's compensation. The JIF will be self-sustaining through member premiums. The JIF participates in the Municipal Excess Liability Insurance program which has a contract for excess liability insurance for property. The fund also purchased an excess Faithful Performance and Employee Dishonesty Bond. There were no settlements in excess of insurance coverage in 2009, 2008, and 2007.

16. Deferred Compensation Program

The Township has instituted a Deferred Compensation Plan ("Plan") pursuant to Section 457 of the Internal Revenue Code and P.L. 1977, C.381; P.L. 1978, C.39; P.L. 1980, C.78; and P.L. 1997, C.116 of the Statutes of New Jersey.

The Plan is an arrangement whereby a public employer may establish a Plan and permit its employees to voluntarily authorize a portion of their current salary to be withheld and invested in one or more of the types of investments permitted under the governing regulations.

The Township has engaged a private contractor to administer the Plan.

17. Length of Service Award Program ("LOSAP") - Unaudited

The Township has established a Volunteer Length of Service Award Plan ("LOSAP") ("Plan") to ensure retention of the Township's volunteer Fire Department and also their First Aid Squad. The Plan shall be construed under the laws of the State of New Jersey and is established with the intent that it meets the requirements of a "length of service award plan under Section 457(e)11 of the Internal Revenue Code".

Annual Contributions - The annual contribution to be made by the Township for each active volunteer member shall be \$1,150.00 per year of active emergency service, commencing with the year 2005.

Appropriations - Appropriations for the purpose of funding the Township's LOSAP shall be included as a separate line item in the Township's budget, commencing with the year 2005.

Periodic Increases - Notwithstanding the provisions above, the annual contribution to be made by the Township for each active volunteer member shall not be subject to periodic increases based upon the "consumer price index factor" pursuant to subsection f. of section 3 of P.L. 1997, c. 388 (N.J.S.A. 40A:14-185).

Criteria for Eligibility; Contributions; Points - Any active volunteer member shall be eligible to participate in the LOSAP Plan immediately upon commencement of the member's performance of active voluntary services in the emergency service organization. Annual contributions shall only be made by the Township, however, for those active volunteer members who have earned the minimum number of points for performing certain volunteer services on a yearly basis.

Determination as to Eligibility - Each emergency service organization shall provide to the Township Administrator, acting as the Plan Administrator of LOSAP Plan, a certified list as to the active volunteer members who are initially eligible to participate in the Plan and those who are eligible to participate as of each January 1 thereafter. The Plan Administrator shall forward said certified list to the Township Council for approval, in accordance with the provisions of N.J.A.C. 5:30-14.10. The decision of the Township Council as to such active member's eligibility shall be binding upon the Plan Administrator, participants, beneficiaries and any and all other persons having an interest hereunder, subject to appropriate judicial review.

Terms of Participation - The Plan Administrator shall have the right to require any active volunteer member at the time of his or her becoming a participant to agree, in writing, to be bound by the terms, covenants and conditions of the LOSAP and accompanying trust. Each participant shall furnish to the Plan Administrator all pertinent information required for the administration of the LOSAP. The Plan Administrator shall rely upon all such information furnished.

Vesting - The active volunteer member shall not be permitted to receive a distribution of the fund in his or her LOSAP account until the completion of a five-year vesting period.

COMMENTS AND RECOMMENDATIONS

FOR THE YEAR ENDED DECEMBER 31, 2009

GENERAL COMMENTS

Contracts and Agreements Required To Be Advertised for N.J.S. 40A:11-4

N.J.S. 40-A:11-4 states, "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefor, except as is provided otherwise in this act or specifically by any other law".

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where questions arise as to whether any contract or agreement might result in violation of the statute, the Township Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Purchase of a Fire Truck for Stafford Fire Company No. 1	Purchase of a 2010 GMC 1500 Cargo Van
Purchase of a Rescue One Connector Boat	Ocean Acres Water Main Extension Phases 5A
Purchase of High Calcium Hydrated Lime Jennings Road Lagoon Dredging and Soil Stabilization	Ocean Acres Water Main Extension Phases 5B
Purchase of Meter Transmitting Units for Sensus Water Meters	Purchase of a Mobile Tactical Computer System and Mobile Digital Video System
Beachview Ranch Water/Sewer Lateral Installation and Replacement Project	Purchase of a Mack American Rolloff Truck
Changes/Modifications to a Crimson Rescue Pumper	Purchase Four 2010 Mack Model LE613 6 Wheel Trucks
HVAC Maintenance	Purchase Roll-Out Refuse Containers Comb-Lift/Fully-Automated
Deer Haven Road Program and Water Main Extension	Purchase of Water Meters, Transmitters and Meter Pits
Generator Maintenance Contract	Millcreek Paving and Restoration Project
Purchase of Four Labrie-Mack Automated Side Loaders	Mill Creek Road Resurfacing
Storm Drainage Improvements at Mill Creek Road	Diesel Fuel
	Purchase of Water and Sewer Supply Materials
	Natural Gas

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

GENERAL COMMENTS (continued)

Contracts and Agreements Required To Be Advertised for N.J.S. 40A:11-4 (continued)

Our examination of expenditures did not reveal individual payments in excess of the bid threshold “for the provision or performance of any goods or services” other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S. 40A:11-6.

Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, “For all contracts that in the aggregate are less than the bid threshold but exceed 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L. 1971, c. 198 (C.40A:11-5), except for paragraph (a) of that subsection concerning professional services and paragraph (b) of that subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered”

Collection of Interest on Delinquent Taxes, Water/Sewer Utility Charges, and Assessments

N.J.S.A. 54:4-67 provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes, assessments, and other charges on or before the date when they would become delinquent.

The Governing Body adopted a resolution authorizing interest to be charged on delinquent taxes and assessments:

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Township Council of the Township of Stafford, County of Ocean, State of New Jersey, as follows:

1. The Tax Collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes becoming delinquent after due date and 18% per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date, subject to any abatement or discount for the late payment of taxes as provided by law; and, if a delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31 of the tax year, an additional penalty of 6% shall be charged against the delinquency.
2. There will be a ten (10) day grace period for quarterly tax payments made by cash, check or money order.
3. Any payments not made in accordance with paragraph 2, of this resolution shall be charged interest from the due date, as set forth in paragraph 1 of this resolution.

It appears, from an examination of the Collector’s records, that interest was collected in accordance with the foregoing resolution and statute.

GENERAL COMMENTS (continued)

Delinquent Taxes, Tax Title Liens, and Delinquent Water-Sewer Charges

The detail of all unpaid taxes for 2009 and prior years is being properly carried in the Tax Collector's records. An abstract taken from these records as of December 31, 2009, covering all unpaid charges on that date, was verified with the accounting control figures shown in this report.

The last tax sale was held on February 19, 2009 and it was complete.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three (3) years.

<u>Year</u>	<u>Number of Liens</u>
2009	19
2008	19
2007	11

The detail of all unpaid water-sewer charges for 2009 and prior years is being properly carried in the Utility Collector's records. An abstract taken from these records as of December 31, 2009, covering all unpaid charges on that date, was verified with the accounting control figures shown in this report.

Verification of Delinquent Taxes and Other Charges

Verification of delinquent charges and current payments was done for the period under audit in accordance with the regulations of the Division of Local Government Services, on December 31, 2009 and consisted of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>	<u>Number Returned</u>
Dates of Payments of Taxes	25	6
Delinquent Taxes	5	2
Dates of Payment of Water-Sewer Utility Charges	25	3
Delinquent Water-Sewer Utility Charges	10	4

Through examination of those notices that were returned, and by alternative procedures for notices unreturned, no irregularities were noted.

OTHER COMMENTS

Cash and Cash Equivalents Balances

The cash and cash equivalents balances in all funds were verified by independent certifications obtained from the depositories as of December 31, 2009.

Cash counts were made at various dates in all departments of the Township and bank balances were independently reconciled to the books and records or to such schedules of receipts and disbursements provided for audit.

The change funds and petty cash funds were counted.

Revenues

Receipts from licenses, fees, fines and costs, etc. for all departments, including the Municipal Court, were checked to the records maintained to the extent deemed necessary.

Expenditures

The vouchers for all funds were examined to the extent deemed necessary to determine that they carried the properly executed certifications as required by statute.

Payroll

An examination was made of the employees' compensation records for the year 2009 to determine that salaries were paid in conformity with the amounts of salaries and wages authorized by ordinance. Vouchers for overtime and part-time wages were checked.

Water/Sewer

Comment: Cancellation of charges to water/sewer user accounts were not calculated in accordance with the Township Ordinance.

Recommendation: That all cancellations of water/sewer user charges be calculated in accordance with the Township Ordinance.

Miscellaneous Comments

The confirmations sent to the Regional High School and Local District Board of Education verified the correct school tax payable at December 31, 2009.

Appreciation

I desire to express my appreciation for the cooperation received from the Township Officials and Employees and the courtesies extended during the course of the audit

RECOMMENDATIONS

It is recommended:

09-1. That all cancellations of water/sewer user charges be calculated in accordance with the Township Ordinance.

Of the above recommendations, none are similar to those reported in the 2008 audit.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to call me.

Very truly yours,
